

## Lesson: Practice Exercise

Practice: Adjust user preference settings.

### Learning Objectives:

- Activate a preview technology.

### Step 1: Change user preferences

<p>1. Expand the user drop down and select Preferences.</p>	
<p>2. Navigate to the preview section.</p>	
<p>3. Select Live Review and apply the settings.</p>	<p>The following options allow you to turn on and try new functionality while still in a conceptual stage in development and performance may be affected. We encourage your <a href="#">Feedback</a> as we continue. You can opt in or out of the Preview Functionality by checking the boxes. Opting in means you agree to the <a href="#">Terms and Conditions</a>.</p> <p><input checked="" type="checkbox"/> Live Review - Collaboration support</p> <p>Allows for real-time review of 3D designs from Autodesk Fusion 360 to web collaborators.</p>
